

# B O N D

2 OR 4 WHEELS, 70L

70L monobloc basket. Thanks to its vertical design it adapts to the narrowest aisles. It features a flat bottom, which facilitates the placement of products and the cleaning process of the basket, and a hook to hang a handbag or delicate products. Maximum resistance and capacity in one single piece. Available in 2 or 4 wheels.  
Optional: brakes for escalators or ramps available.

**SB RAMPBRAKE**

The ramp brake and escalator brake is the solution for your multistory stores. The basket rests securely on the ramp or escalator, preventing it from sliding down.
